It was very comfortable and friendly

17 Jan 2019

This time, I participated with my wife, 4 years old and 1 year old 11 month old daughter, 4 people, but it was a very memorable trip. The staff was very friendly and my daughters were happy, and the guests who boarded with us were also friendly and safe. The room was to

sleep with 4 people, and specially put in a big bed. It was bigger than king size. For dinner the children also cooked the course with the course and saw the children not being able to eat, they made a difference and made fried potatoes and the children were happily eating a lot . I was very sorry that I left the dishes for my children, but it was an event that felt the kindness of Margaret Cruise staff. Although the weather was cloudy, I could still feel the amazing scenery of Halong Bay. I found out that the cave tour of the activity was particularly good and I was glad that I participated. Margaret cruises are also delicious in cooking, staff friendly, people with boarding passengers can recommend it very well. I also want to use it when coming to Halong Bay.

**Nice cruise with excellent service**

05 Aug 2018

I booked a deluxe room for me & my friend and just completed our 2 days 1 night tour. My first impression when i came aboard is there were few guests (just over 10) but were warmly welcomed by all their staffs (over 20). Maybe this cruise is new and there are not many guests at beginning. However, I highly appreciate the way their staffs served us. They are so friendly and smiley. They took care of us well both on and off board. And no problem in communicating cos they speak English quite well. Secondly, food are too much and the favour is really good The outlook from the room is wonderful. We could watch the Bay by just lying on the bed or relaxing on the sundeck is not the bad option. Halong Bay is so amazing at all ! Some things should be upgraded like the reception area is too crowd and some guests have to stand to wait before getting on the boat. But it just takes some minutes and not big problem
